

# Become an Absci Intern

## Who is Absci?

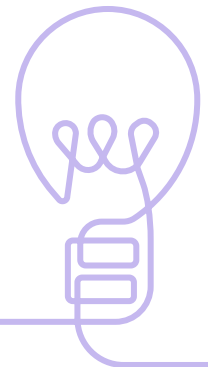

Absci is the drug and target discovery company harnessing deep learning AI and synthetic biology to expand the therapeutic potential of proteins. We built our Integrated Drug Creation™ Platform to identify novel drug targets, discover optimal biotherapeutic candidates, and generate the cell lines to manufacture them in a single efficient process. Our goal is to enable the development of better medicines. We *Translate Ideas into Drugs™*. Based in Vancouver, Washington, ten minutes from Portland, Oregon, we're located within an hour of world class alpine terrain and rugged Pacific coastlines. Visit us at [www.absci.com](http://www.absci.com), follow us on social media: Twitter: [@Abscibio](https://twitter.com/Abscibio), LinkedIn: [@absci](https://www.linkedin.com/company/absci), and subscribe to our [Absci YouTube channel](#). Check out this [short video to learn more](#) and see how our #Unlimiters are changing the world one protein at a time.

## Benefits of being an Absci summer intern

### Mentorship

In addition to working with tenured managers and dynamic teams, Absci summer interns are paired with a summer-long mentor who provides guidance on **navigating project challenges**, provides **support on daily operational activities**, and **facilitates building relationships** at Absci.

### Responsibility

Summer projects are 10-12 weeks long and are designed to teach interns about daily operations at Absci as well as to **encourage individual thought and creativity** to solve our unique challenges. Interns are given a balance of **guidance and responsibility** for their project work and will **showcase their final projects** to the organization in August.

### Perks at Work

Absci's brand new campus comes with a plethora of perks, including a well-equipped **gym**, game room, and library; **catered meals** from local purveyors with healthy snacks and kombucha on tap; electric car charging stations; and **dogs** on campus. Off campus, Absci Unlimiters engage in numerous **local adventures** from surfing to hiking to softball, and interns are encouraged to join in the fun.

### Compensation

Absci offers **competitive compensation** for all summer interns with opportunities for advancement.
