

Genentech Info Session

April 11 | 12-1 PM | Johnson 221

Learn about Genentech, resume tips, job search tips and early career advice from Oregon State Alum, Tianna Coburn.

After graduating in 2020, Tianna started as a post-grad intern in Global Procurement at Genentech's South San Francisco HQ. She then moved into a Reliability Engineering role at the Hillsboro Technical Operations site in Oregon. Today, she serves as a Data & Analytics Engineer, supporting the entire Hillsboro campus

Genentech, known as the birthplace of biotechnology, was founded in South San Francisco and is committed to developing, manufacturing, and delivering life-changing treatments to patients.
