

READY FOR A CHALLENGING & REWARDING INTERNSHIP?

One that provides real world experience, rewards hard work, and offers long-term employment opportunities?

EHS SUPPORT MAY BE THE PERFECT FIT

NOW ACCEPTING APPLICATIONS FOR OUR
PAID 2024 SUMMER INTERNSHIP PROGRAM

Join a dedicated project team, work side-by-side with industry leading experts, and interact with clients and regulatory agencies.

- 10-week program from June 10 through August 16, 2024
- 40 hours of work per week throughout the Internship
- Remote work including independent and collaboration-based assignments

Candidates should be pursuing a degree in the following disciplines/majors:

- **Engineering:** engineering discipline, with preference for study in environmental, civil, chemical, or industrial/process engineering.
- **Environmental Sciences:** geology, biology, ecology, environmental chemistry, natural resources management, or other related environmental sciences.
- **Environmental Data Analytics:** focused study and practical experience in environmental data analytics/management, applied statistics (particularly in R), or spatial data analysis (e.g., geographic information systems [GIS]).

Application packages must be submitted by January 14, 2024
